① How much pressure - how long.

Tonight's operation

P on Joint Congress

expects they are all tightening

Sargent Shriver } one of the best promotion-

heads a target managing deputy.

- two said they'd be carpenters.

may not be hard-headed enough.

the IQ is low & the problem is stubborn.

Where is center of problem?

① not in U.S. ~~except~~ mainly.

not in Western Allegiance.

not in Moscow.

in Peking

in Hanoi

in Saigon

the really tough problem is what kind of training would we?

- Shriver pushing for 2.9 Bill in 9 to 12.

Poverty has to get going to Bill.

They don't want to stress big enlargement.

many in it grant. want to veil like A-ma

John Conway in Deputy Poverty Director.

less embarrassment. but more qualifications.

Creation - double time - RSM against it.

DR) on the diplomatic track.

(would the Britain wish to explore?)

have need to get something

those who have a duty to find out,

go ahead and find out. At some stage

will have "escalation or negotiation"

— Your own judgment? - Can you say this?

[DJ] interested in any reasonable basis

Nearly everyone else to forward than more than LBJ.

But he did cross bridge in my own mind in December.

I see in it more than any readiness to talk.

LBJ Wilson's problem - we have to be tough w/ him.

① JCS continuous activity in SVN on an escalatory scale.

prepared to pay some price ourselves.

② consistent - regular - civilian - they pay for it.

then maybe by May 1 they'd be more responsive.

- if you can show me any reasonable out, I'll grab it.

- give in + another Munich.

if not this - then Thailand.

come Hell or High water, we're gonna stay there.

by have a deal to get a government.

you gotta get some Indians under your scalp.

we mobilized for 15 days - this is hard -

he endured this than a campaign.
